The relaxed and friendly atmosphere at the Seagull B&B has helped to make us one of the most popular stay-over places in Swakopmund for the business and tourist visitors. We are situated at 60 North Strand in the prime area of town that looks directly onto the South Atlantic Ocean.

This is the view down our part of the street at rush-hour. It's a picturesque street being lined with palm trees and tropical gardens. Most guests park up their cars and prefer to walk into town along one of the sea-paths

This is the view across the street taken from our living room window. We enjoy the view and it's not uncommon to see the dolphins playing in the surf, and if not, then there's always the two legged surfers and a variety of sea birds. It's all very relaxing. Come and enjoy it with us.

We have 5 different double sized rooms. Some large, some standard. All with en-suite bathroom and all equipped with a fridge to keep your drinks etc. cool, a kettle with complimentary coffee and tea, a hair dryer and DSTV on which you can watch BBC, CNN or Sky News during the day and M-Net films during the evening, or when special sports events are on we switch to the relevant channel (can't miss the cricket or rugby!)
